3 How to do exercises with AI marking

If you are given a writing unit, you will notice an "AI" icon on some exercises. For these tasks, instant AI marking and feedback is available.

- ② Once you finish typing, proofread your writing. Then, click "AI marking".
- ③ Wait for a few seconds for the system to generate a grade and detailed feedback (covering Task Achievement, Organization, Vocabulary and Grammar). You can rewrite the task based on this feedback if you wish.
- ④ If you want to download your report, click the "Export" button. Or you can download it later via the "Progress Report" > "AI Reports" tab.
- ⑤ Click the "Next" button to move to the next exercise and save your learning progress.
