

TENSE BUSTER

Break through the grammar barrier!

5 tips for grammar

1

Which grammar areas do you need to study? Look at your work and find out!

2

Learn sentences which include a grammar point. This helps you remember how the grammar works.

3

Read and listen a lot. It really helps you understand grammar without thinking about it.

4

Try to find patterns in grammar. For example, look at this spelling: *stop* – *stopping*; *thin* – *thinner*.

5

Don't worry if you sometimes get it wrong. Even native speakers make grammar mistakes!
